Pearlington Library  
August 22nd  
9-2 pm

At Coastal Family Health Center (CFHC), we believe quality healthcare should be accessible to everyone—no matter where you are. Our mobile clinic helps bridge that gap by providing on-site healthcare where it's needed most.

Patients who are approved and enrolled in our Health Care for the Homeless (HCH) program can receive services at no out-of-pocket cost. We also accept Medicaid, Medicare, and most private insurance plans. If applying for income based discount- sliding scale fee, please provide proof of income.
